National conference

The existing Companies Act 1956 has been amended at least 27 times in the past 57 years, with many of its provisions found to be outdated and inadequate. The Amendment includes several important provisions that modernize India’s corporate governance rules. Thus is born the concept of a national level conference on Impact of Companies Act, 2013 on Corporate India. We hope all of us can make best use of this platform to discuss and share our thoughts and views on the Act 2013 and related Rules.

Expected outcome

The present Companies Act, 1956 is replaced by the Companies Act, 2013 with effect from September 2013.

Though the corporate are familiar with the new provisions of the Act, the academicians, Research Scholars and students are not familiar with the new provisions and certain new concepts. Hence, this conference has been arranged to impart knowledge on the amendments made in the New Companies Act, 2013.
