About the Institution

Sri Muthukumarann Educational Trust was formed in the year 1983 as a public charitable and educational trust under the valuable guidance of its Trustee Smt. Gomathi Radhakrishnan – Chairman, Thiru. A.N. Radhakrishnan – Managing trustee and Tmt. D. Meenakshiammal, a noted philanthropist (MAT), inscribed with the motto “politeness, purity and prosperity”. The trust has established several educational institutions starting from CBSE Schools, Polytechnic Colleges, Arts and Science Colleges, Colleges of Education, Engineering Colleges and Medical Colleges.

Sri Muthukumarann Arts and Science College was started in the year 2001-2002 affiliated to University of Madras. Since its inception, the strength of the college has substantially increased to 1400 students. The college is a Co-Education college started with the aim of providing quality education to the down trodden students living in rural areas and is striving hard to offer disciplined quality education to the students. The college has stepped into the 14th year with 9 U.G. and 1 P.G courses and also planning to start new U.G/P.G/M.Phil courses in the upcoming academic years.

About the Departments

The department of Computer Science and Application were started in the year 2001 – 2002. Over the years, they have grown remarkably both quantitatively and qualitatively. These departments have 15 faculty members and around 600 Under Graduate students. Most of our faculty members involved in research leading to Ph.D. in various computer technologies and qualified with SLET/NET. The Departments also use modern teaching aids to facilitate easy and better understanding of the concepts for the betterment of the student community.

About the Conference

The objective of the Conference is to give a strategic and technical direction to the field of Information and Communication Technology. The National Conference on Information and Communication Technology (NCICT ’15) aims at bringing together researchers, engineers, academicians and students to review the latest developments in the area of Information and Communication Technology. It also aims to provide a common platform to exchange the research challenges encountered and the solution adopted in IT industries.
